Attendees via Zoom: Tanya Moses, Jared Waitkus, Jeanne Derham, Denise Bujalski, Alissa Imbracsio, Jeff Joubert, Tom H, and other unidentified call-in users.

Call to order: Commission Chair Patti called the meeting to order at 4:00 PM.

Pledge of Allegiance: The meeting began with the Pledge of Allegiance.

Roll Call of Commissioners: Ms. Patti and Mr. Panuczak were present in person. Ms. Patti noted that Mr. Spinney is running a bit late (arrived at 4:16 PM).

Approval of the Agenda:
There were no suggested modifications. Ms. Kinney requested that the Treasurer's Report and the 2022 Profit/Loss statement be included as official attachments for this meeting minutes and packet. There was consensus on both: adoption of the agenda as is and including the attachments requested by Ms. Kinney.

Public Hearing #1:
Pursuant to RSA 31:95-b: Rescind acceptance of $6,885 of CIF for Ski Lodge Audio/Visual upgrade. Ms. Patti called the public hearing #1 to order at 4:02 PM. She then reviewed the District Public Hearing Policy which was in the packet.
Ms. Patti explained that the money has never been received by the District due to the practice of transferring the money into the District operating fund only after the work had been completed and invoice had been sent. The Commission voted to accept the CIF money but subsequently learned that the upgrades were paid through a donation from the Scott Ivers memorial fund. Ms. Patti reiterated that the purpose of this public hearing was to rescind the fact of accepting of the money, which was never actually received. Ms. Patti then opened the floor to the public comment.
After checking with Assistant General Manager Judy Kinney, Ms. Patti determined there was no one else willing to address the Commission at the physical location, on the phone, or electronically, *Ms. Patti made a motion to close the public hearing #1 at 4:05 PM. Mr. Panuczak duly seconded and motion carried with a 2:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye.*

Public Hearing #2:
Pursuant to RSA 31:95-b: Accept the $6,885 increase in value to the Ski Lodge due to the donation of an Audio/Visual System Upgrade from the Scott Ivers Memorial Fund.
Ms. Patti called the public hearing #2 to order at 4:06 PM. She then reviewed the District Public Hearing Policy which was in the packet.
Ms. Patti then opened the floor to the public comment.
After checking with Assistant General Manager Judy Kinney, Ms. Patti determined there was no one else willing to address the Commission at the physical location, on the phone, or electronically, *Ms. Patti made a motion to close the public hearing #2 at 4:07 PM. Mr. Panuczak duly seconded and motion carried with a 2:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye.*
Ms. Patti made a motion to, pursuant to RSA 31:95-b, accept the $6,885 increase in value to the Ski Lodge due to the donation of an Audio/Visual System Upgrade from the Scott Ivers Memorial Fund. Mr. Panuczak duly seconded and motion carried with a 2:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye.

Public Hearing #3:
Modification to Billing Procedure, Section 24, of WEVD WATER ORDINANCE *[Concerning only service charges for electronic payments]*
Ms. Patti called the public hearing #3 to order at 4:08 PM. She then reviewed the District Public Hearing Policy which was in the packet.
Ms. Patti provided a brief background of the municipal authority, pursuant to RSA 80:52-c and RSA 21:48, to accept payment of bills by credit card, debit card, or any other electronic type of payment. She then said that the purpose of this public hearing is to decide whether the service charges associated with such payments could be deflected to the customer and, if so, through which process. Ms. Patti added that the Commission had consulted with legal counsel and the draft motion prepared by Ms. Patti corresponds to that advice, which was to provide notice to the customer that there will be a service charge associated with the electronic transaction and how much it will be. Ms. Patti then asked Ms. Smith to explain the rationale of her request to deflect the service charge to the customer. Ms. Smith explained that billing customers through QuickBooks resulted in a very substantial amount of finance charges that the District had to incur; therefore, to defray those costs, she suggested to build them into the bill, where people will see the amount of the bill and the processing fee, if they are paying electronically. Ms. Smith said that the new billing software has that capability.

There was a brief back and forth on how billing is currently done and which fees are being incurred. Ms. Patti summarized that the idea is to inform the customer of the fact that he will be charged a processing/service fee upon making an electronic transaction so that the District does not have to cover those costs anymore. She reiterated that the law allows such fee deflection onto the customer as long as there is ample notice about it. Ms. Patti also noted that the legal counsel advice was to set a cap either in dollars or a percentage, which the service charge cannot exceed. She said that she suggests setting it at a higher limit in order to avoid having multiple public hearings should those fees change. Ms. Smith made a suggestion that instead of setting a cap, the Commission may just not set a cap and simply provide ample notice to the customers.

Mr. Panuczak said that he does not agree with setting a cap as the District will still lose money on transactions that exceed the cap amount. He asked whether there will be an option for the District customers to make Electronic Fund Transfers (EFT) which usually charge a lot less in fees that credit cards.

Mr. Spinney joined the meeting in person at 4:16 PM.

Ms. Allison provided a description of what QuickBooks charges versus what the new billing software would charge. Mr. Panuczak noted that the Water Ordinance should not have to be changed should a better system of payment be implemented. Ms. Patti agreed in that the Water Ordinance will allow all these types of payments and if there is no cap amount set, it will not need to be changed when the billing system changes. Ms. Patti opened the floor to the public comment.

Mr. Bertino, 27 Condo Road, spoke about the NH law where if there is a fee charged for an electronic payment, there has to be a cash payment option made available. He also spoke about the fact that the residents should be notified of what the fees are, even if it requires multiple public hearings.

Ms. Patti responded that the fees will be noticed on the bills and in other public places and there is always an option to pay in cash. Mr. Bertino insisted that if the fees change there will be not enough notice. He also suggested to expressly state the allowance of cash and check payments in the ordinance.

After checking with Assistant General Manager Judy Kinney, Ms. Patti determined there was no one else willing to address the Commission at the physical location, on the phone, or electronically, *Ms. Patti made a motion to close the public hearing #3 at 4:24 PM. Mr. Panuczak duly seconded and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney - aye.*

Ms. Patti made a motion to add to Section 24, following first full paragraph: In accordance with RSA 80:52-c and RSA 21:48, the treasurer, other appropriate municipal official, and/or his/her designee is authorized to accept payment of bills, by use of a credit card, debit card, or such other means of electronic transaction as approved by the governing body. Every bill issued to the property owner will provide notice of a service charge should the property owner use a credit card, debit card, or such other means of electronic transaction to make payment as approved by the District. Should the property owner elect to pay the bill with a credit card, debit card or electronic payment which results

in a service charge to the District, said charge shall be incurred by the property owner. The service charge shall not exceed____.
Mr. Panuczak made a friendly amendment to strike the last sentence about the service charge cap.
Ms. Patti accepted the friendly amendment.
There was a short discussion about the need to further amend the motion by adding the information about allowing cash/check payments for which there was no support as it is already implied in the ordinance.
Mr. Spinney duly seconded the amended motion and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney – aye.

Public Hearing #4:
Modification to Billing Procedure, Section 8, of WEVD WATER ORDINANCE, Water Service Installation and Curb Stops Responsibility *[adding language to clarify responsibility of District and responsibility of property owner]*
Ms. Patti called the public hearing #4 to order at 4:28 PM. She then reviewed the District Public Hearing Policy which was in the packet. She then read the proposed changes as follows:
"Sect. 8 – Water Service Installation and Curb Stops Responsibility.
Curb stops shall be installed at the property line of the District's right-of-way in which the main water transmission line lies and shall be under the municipality's control and ownership and in accordance with the latest Water Supply rules. The property owner shall be financially responsible for the initial and ongoing "Water Service Installation" costs within the District's right-of-way, including the curb stops, for a period of 1-year after final installation. After 1 year has lapsed from the date of final installation, the District shall be financially responsible for all repairs of the water service between the main line corporation valve and the curb stop, including the curb stop, provided the connection was installed in accordance with the State of New Hampshire water supply rules, it was inspected by the District or its agent, and the service installation warranty has exceeded the 1-year period. Consistent with section 9.b of this Ordinance the property owner shall be financially responsible for the cost of repairing or replacing the service line from the curb stop to the terminus of the service line inside the residence or structure.

> A. "Water Service Installation" as used in the section shall be defined to mean all service lines, transmission lines, curb stops, and service stop valve installations required from the main water line corporation valve to the service line terminus inside the residence or structure. "Water Service Installation" specifically includes the initial costs to install curb stops and service stop valves as defined in sections 3.k and 3.mm of this Ordinance."

There was a brief back and forth on whether this language describes the way things were done historically, which Ms. Patti said is only true for the time since the Water Ordinance was adopted in 2021.

Mr. Beard provided a brief clarification upon Mr. Panuczak's request of whether there are water lines in the District that have no curb stops yet and how it works when a developer wants to develop on such roads. Then Ms. Patti opened the floor to public comment.

Harry Bertino spoke about historical ownership of the water system, which was owned by Waterville/The Waterville States Water Works in 1971. Then it transferred to the Williamsburg water company in 1974, and then to the District in 1980. Therefore, for the homes that existed back then, for some of them there was no curb stop, and the previous water company owns the structure to the domicile and that was what the District took ownership of. Mr. Bertino said that this should probably be clarified before the creation of the ordinance changed it, as this might lead to now property being abandoned and then trying to figure out who owns it after the fact. Maybe identifying what exactly the District acquired from the Winterbrook water company. If the district does not want it anymore, it cannot return it to the water company because that company does not exist anymore, so that would be the second issue.

After checking with Assistant General Manager Judy Kinney, Ms. Patti determined there was no one else willing to address the Commission at the physical location, on the phone, or electronically, *Ms. Patti made a motion to close the public hearing #4 at 4:36 PM. Mr. Panuczak duly seconded and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney - aye. Ms. Patti made a motion to modify the Water Ordinance Section 8 consistent with the motion language provided in the meeting handout as a motion related to Public Hearing #4. Mr. Panuczak duly seconded the amended motion and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney – aye.*

Public Hearing #5:
Modification to Water Rates Schedule of WEVD WATER ORDINANCE, Adding Rates for WEVD Facilities – Community Center, Ski Lodge, Service Yard ***[Adding new property type to the Water Rate Schedule, NOT modifying rates charged to homeowners and owners of lots within 100' of water main/line]***

Ms. Patti called the public hearing #5 to order at 4:39 PM. She then reviewed the District Public Hearing Policy which was in the packet. Ms. Patti asked Ms. Smith to provide a rationale for this modification.

Ms. Smith went over the analysis for the water use by the three properties based on the available meter readings and how she arrived at the proposed bedroom categories for them using the budget numbers. Ms. Patti summarized Ms. Smith's presentation as follows: Ms. Smith did a rough estimate on the pools and looked at the six month number for metered water usage for the Community Center and there is a formula that works out annual usage with the estimation of bedrooms that takes a number of people plus one and that is how she arrived at the suggestion of 11/12 bedrooms category which would amount to roughly $1,542 or $1,661 with the annual amount being $2,600 or $2,700.

www.waterville-estatesnh.gov

There was a lengthy discussion about the rate schedule and what in fact this modification will accomplish. Ms. Patti noted that eventually the Commission will have to add non-residential category to the billing to accommodate uses that are non-residential in nature but do use water.
Ms. Patti also noted that when the District enacted the Water Ordinance back in 2021, one of the issues was how much does the community center impact the overall usage for the whole community, and that the District needs to be paying its way. That was a policy decision that the three Commissioners made at that time as they thought that it was equitable, fair and just. She then made a suggestion to use a 12 bedroom category to be on the safe side.
Ms. Patti opened the floor to public comment.
Harry Bertino noted that basing the Community Center billing category on a 12 bedroom count will make the rest of the billing inequitable, which, he added, probably is not as it is. He continued to say that what he still has not received an answer on how the number of occupants was used to come up with the number of bedrooms back when the rate was discussed and adopted. He said that the Ordinance mentions a census, which he does not know if it was ever conducted. Therefore, he thinks the whole billing is flawed and the whole ordinance should be revisited. Mr. Bertino also asked what the District's definition of the number of bedrooms is when speaking about the Community Center being billed as a 12 bedroom house. Mr. Bertino's last question was whether the District needs to bill itself at all as he was not sure it was a good decision.
After checking with Assistant General Manager Judy Kinney, Ms. Patti determined there was no one else willing to address the Commission at the physical location, on the phone, or electronically, *Ms. Patti made a motion to close the public hearing #5 at 5:02 PM. Mr. Panuczak duly seconded and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney - aye.*
Ms. Patti said that she will strike the "Offices, 548 Winterbrook" from the motion she prepared for the public hearing which is in the meeting handout.
Ms. Smith listed the annual amounts as follows: Community Center - $2740.59, Ski Lodge - $688.03, and the Service Yard - $688.03. Then she listed the first billing amounts as follows: Community Center - $1079.06, Ski Lodge - $344.01, and the Service Yard - $344.01
Ms. Patti made a motion to add to the Water Rate Schedule the following:

	Annual Rate	***Nov 2022 billing***
Community Center	*$2740.59*	*$1079.06*
Ski Lodge	*$688.03*	*$344.01*
Service Yard	*$688.03*	*$344.01*

Mr. Panuczak duly seconded and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney - aye.

Public Hearing #6:
Modification to WEVD WATER ORDINANCE APPENDICES, changing amount charged for residential meters and Kornerhorns to be responsive to actual costs *[Modifying Ordinance APPENDICES to delete the amount for each meter/Kornerhorns in the Schedule of Fees, adding language re: cost plus $__]*

Ms. Patti called the public hearing #6 to order at 5:08 PM. She then reviewed the District Public Hearing Policy which was in the packet. She asked Ms. Smith to provide the rationale for the proposed changes. Ms. Smith explained that the initial income line for the meters was created to be self-sustaining which is no longer the case due to raising prices. Therefore, she is suggesting to amend the ordinance, which currently has a fixed price, in a way that will not require a public hearing every time costs of meters and parts are adjusted.

Discussion ensued on whether a percentage should be added to the listed dollar amounts in the ordinance (for meters and parts) or whether the District should only charge the customer the cost it incurred for purchasing the meter and relevant parts.

Ms. Smith also noted that fittings are not included in the Water Ordinance and currently the District is incurring the costs for those as well.

Ms. Patti summarized the discussion and said that there are two things up for discussion: a) whether fittings should be added into the Water Ordinance, and b) whether the rate schedule should be amended to remove the dollar amounts for meters and Kornerhorns, and fittings (if added to the Ordinance) to instead state "at cost to the District". Ms. Smith suggested another change to say "meters with appropriate fittings" and "Kornerhorns with appropriate fittings" as those are different fittings depending on whether a meter requires a Kornerhorn or not. Commissioners agreed with the proposed changes.

Ms. Patti opened the floor for public comment.

After checking with Assistant General Manager Judy Kinney, Ms. Patti determined there was no one else willing to address the Commission at the physical location, on the phone, or electronically, *Mr. Panuczak made a motion to close the public hearing #6 at 5:17 PM. Ms. Patti duly seconded and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney - aye. Ms. Patti made a motion that the Commission modifies, under schedule of fees, the two lines which relate to water meter fee and Kornerhorn as follows: water meter with appropriate fittings: at District cost, and the Kornerhorn with appropriate fittings: at District cost. Mr. Panuczak duly seconded and motion carried with a 3:0 roll call vote: Ms. Patti – aye, Mr. Panuczak – aye, Mr. Spinney - aye.*

General Manager's Report

Mr. Beard spoke about the following:

1. Mr. Baert found another significant leak in the water main that feeds the Thornton side of the estates. It was repaired on Tuesday. Mr. Beard suspended the snowmaking test that was going to be performed on Saturday due to this leak.
2. Friday evening storm resulted in several vehicles sliding off the roads. Ms. Baert now has a cell phone and it proved to be very helpful with numerous incoming calls from tow drivers and the police. Mr. Baert was able to redirect his plow operators to treat the roads out of sequence to speed up the vehicle recovery process. Three of the cars were sports cars that were

practicing their drifting abilities with one of them going over the embankment and stopping at the tree line.

3. There has been one person complaining about the lights at the DPW yard. Mr. Baert checked the lights on Monday night and verified that they were not shining at the person's house. He has also spoken with Mr. Baert who will be leaving the shed lights off at night from now on, unless there is plowing going on. Mr. Baert will also put the service yard lights on a motion detector.
4. Mr. Beard said that he took the groomer out to the mountain to check it out and everything worked well. He packed down the snow that was there and if there is another storm coming it may be possible to open up the rope tow.

Mr. Panuczak seconded the motion. Motion passed by a 3:0 roll call vote: Ms. Patti – aye, Mr. Spinney – aye, Mr. Panuczak – aye.

Ms. Patti asked Ms. Kinney to go over the numbers. Ms. Kinney noted that this document has all the actual amounts received and paid in 2022, excluding the tax income as it has not been incorporated into this report yet. Ms. Patti said that by looking at these numbers she can see that the District has a residual amount of $25,416, which she compared to last year's $8,000. She also noted that the large difference between budgeted and actual income on page one is largely due to the receipt of $198,600 in CIF funds. Mr. Panuczak noted that the Budget Advisory Committee should be aware of this residual amount when discussing the next year budget.

Ms. Patti also noted that last year was quite difficult for administrative staff given the fact that the Interim GM was not working full time, thus a lot of extra responsibilities were shifted onto Ms. Kinney and she thanked Ms. Kinney for being professional, thorough, capable, and confident during this difficult window of transition. She also noted how much support Ms. Kinney provided to Mr. Beard during this transition, which he duly noted as well. Ms. Patti also thanked Mr. Beard to making the Commission aware early on that help is needed with financial administration which resulted in the District moving to the New Hampshire specific municipal software package that was built specifically for the District with the help from Municipal Resources Inc. Mr. Spinney added that this would put the District in a much better position this year, despite the initial investment into the system which was quite steep.

d. Thank you to Linda Ivers, Scott Ivers Memorial Fund

Ms. Patti said that she was misinformed at the last meeting when she said that the bench was donated by Mr. and Mrs. Canfield, who in fact, transported the bench to its location. Ms. Patti said that Mr. Ketcham informed her later that the bench was donated by Scott Ivers who gave the money for it to Mr. Ketcham, who then purchased it from Maine. Ms. Patti said that she would like to thank Scott and Linda Ivers for that. Ms. Patti also said that she wanted to also thank Linda Ivers for donating almost seven thousand dollars from Scott Ivers memorial fund for the upgrade of the audio/video system at the Community Building. Ms. Patti said that in addition to thanking Scott and Linda Ivers here at the meeting, she wanted to send them a formal letter from the Commission which she drafted and it was in the packet. Members did not have any changes to propose to the drafts so Ms. Patti signed them and they will be sent out.

e. WEVD Moderator, Jaime Oldmixon, appointment of deputy moderator

Ms. Patti said that Mr. Oldmixon has been sworn in as the District Moderator for the Annual Meeting which will take place on April 15th, 2023. She added that Mr. Letvinchuk agreed to serve as the Deputy Moderator. Ms. Patti also said that Mr. Oldmixon had participated in two NHMA training sessions on how to be a moderator and she wanted to thank him and Mr. Letvinchuk for stepping up.

GM Report February 8, 2023

1. The Community Center did well during the arctic blast on 2-3 and 2-4.
2. Shawn and Jaime did lift evacuation training on Sunday 2-5. While they were doing that I used our loader to move snow from the parking lot at the mountain and piled it up at the bottom of the bunny slope and after lift training Jaime used the groomer and dressed up the rope line part of the slope so we can open it this weekend.
3. The water system did not have any issues during the cold snap.
4. I performed a test to see the effect of heating the indoor oval pool on our four boilers and I was amazed at how much of an impact there was on the boilers.
